Ogden, Saturday, August 3.

## OGDEN TELEPHONE STRIKE

**Linemen of Both Companies Are Now Out—Higher Wages Are Demanded.**

Both the Bell and Independent Telephone companies' linemen are out on a strike, which was called on Wednesday night, at which time the agreement between the men and the management of the two companies terminated. The walkout was not wholly unexpected. It was rumored for some time that the men would go out as soon as the agreement expired, in sympathy with the linemen who have been on strike in other cities for some time. It is reported that the demand of the men is for shorter hours and more money. The men are being offered \$3.50 per day, but are holding out for \$3.75. Until the walk-out occurred the men were working eight hours per day, but the union is fighting for company time for the men to go to and from their work. Both the companies in Ogden are working without any serious trouble at present and the managers are confident that the trouble will be settled before the service is hampered in any way. The management of both companies announce that they do not expect to be hampered in any material way. Both companies announce that they have men enough at work to keep up with the trouble work, although the extension work has been suspended.

## TEN TEACHERS CHOSEN.

**Will Serve Ogden During Coming Scholastic Year.**

The board of education met last evening and virtually completed its corps of teachers for the coming year. Among those elected were David E. Cloyd, the new principal of the High school, and Joyce brought up the question of building an addition to the High school. It appears that the school is in need of additional room, especially for laboratory, and a gymnasium. It was suggested that a three-story building be erected and the proposition was referred to the building committee, who will investigate and report.

The board authorized an expenditure of \$24.75 for material for laboratories in the High school. Superintendent Allison reported that the committee appointed at a previous meeting had consulted with the coal companies in Salt Lake in regard to next winter's supply of fuel for the city schools. They said that they had received but little encouragement, although that it is expected that their efforts would result in some good.

Miss Ivy Williams, the new clerk of the board, filed a bond for \$250 with J. S. Lewis and Edwin Williams as sureties, which was accepted. A partial estimate of \$50 to George A. Whitney for work on the Quincy school was allowed. The finance committee reported cash on hand amounting to \$6,641.35. The following grade teachers were elected: Ada B. Patterson, May E. Scott, Charles L. Wray, Bernice Butler, Annie Evans, Mabel Crase, George C. Gign, Gertrude Erickson, Ella M. O'Brien.

## NEW CORPORATIONS.

**Two Companies File Their Articles of Incorporation.**

Attorney C. R. Hollingsworth yesterday filed articles of incorporation of the M. G. Scoville & Sons company, with a capital stock of \$100,000, divided into 1000 shares. The purpose of the new corporation is to manufacture brushes and brooms in this city. The business of the Ogden broom factory operated by the Scovilles has been taken over by the new concern. The officers are: President, M. G. Scoville; vice president and treasurer, F. L. Scoville; secretary, H. B. Scoville.

Articles of incorporation were filed with the county clerk yesterday by the Bunker Hill Mining company, with a capital stock of \$125,000, divided into 25-cent shares. The company is incorporated for a period of 30 years to do a general mining business. The holdings of the new concern consist of the Lucky Boy claim in Mojave county, Ariz., and a number of claims in Lincoln county, Nev. The officers are: President, J. H. McIntyre; vice president, T. H. Taylor; secretary, Frank Ray; treasurer, A. D. Baker.

## Coming and Going.

Mrs. James R. Hancock has returned from a three weeks' visit with relatives at Gunnison, Utah. County Attorney Harris has drawn up complaints against a number of the violators of the fish and game laws. Joseph Ballentine and Charles Ross have gone to Sacramento on business connected with the appearance of the tabernacle choir at the coming session of the irrigation congress.

Police Officer Charles Layne, accompanied by Mrs. Layne and children, have gone to Cache valley on a visit with relatives and friends. Apostle David O. McKay returned yesterday morning from a trip through the Mormon settlements in Colorado and New Mexico. He was gone two weeks in the interests of the church.

Mr. and Mrs. Frank Parrish and Miss Rose Foster left yesterday afternoon for a two months' trip to California. Cashier Charles Barton of the Ogden Savings bank and his family returned yesterday afternoon from an extensive visit through the east.

Mrs. E. O. Wattis and daughters have returned from a month's visit to Carmel-by-the-sea, Cal.

The fees received at the county clerk's office for the month of July, according to a statement filed yesterday, amounted to \$481.55.

## In Howell's Court.

Judge Howell held his first session of court yesterday, since returning from the east. The following matters were heard: In the matter of the estate of Hattie Ann Esterbrook, Charles Ziener was appointed administrator with a bond fixed at \$2,500.

In the case of Sarah L. Siegel vs. Albert C. Newcomb, a decree was signed in favor of the plaintiff by confession of judgment.

District Attorney Halverson filed information as follows: J. F. Russell and J. F. Simon, burglary; John Drysdale, rape; J. W. Cooper and Fred Rogers, burglary; Fred Wellinger, burglary. The hearing of criminal cases will be taken up Monday morning. The first case on the docket is that of the State vs. Hyrum Mosher, charged with polygamy.

## Cars to North Ogden.

The Ogden & Northwestern Railroad company will operate cars by electricity on Monday as far as North Ogden. The opening of the line will be only temporary, however, for the accommodation of the people of that district in connection with the circus that appears here this week. While the line has been completed and electrified to that point, regular traffic cannot be maintained until the arrival of additional cars, an order which was placed by the management some time ago. A trial run was made over the line yesterday, electricity being used for the first time. It will be some time before the line is completed to the Utah Hot Springs.

## WERE STARVED TO DEATH

**Chinese Crew of German Tramp Steamer Deserted the Ship at San Francisco.**

San Francisco, Aug. 2.—The German tramp steamer Tolosan lost twenty-four Chinese members of its crew today. The Orientals deserted the ship, they claim, on account of the cruelty practiced upon them by the captain and first officer, who beat and starved them. The immigration authorities have taken a hand in the case on account of the illegal landing of the Chinese, who are now guests of the United States government in the Alameda jail pending the arrangements for their deportation.

They declared they would rather die than make the return trip on the Tolosan to the Orient. Shian Tin, a cook, Chang Ning, a mess boy, say their countrymen had been compelled to live on one bag of rice for fourteen days, supplemented by the sweepings from the flour bins. They produced a sample of the latter, which was liberally mixed with dust and trash. The spokesman charged Captain Jensen and First Mate A. Frank with beating various Chinese members of the crew and denying them sufficient food to keep them in condition to do their work properly.

Frank, who appeared at the police station, admitted that he had struck the Chinese because they were disobedient to him and not because they did not perform their duties.

## HELP WANTED.

Ladies' clothes ironers, also girls for other departments; good wages, clean, airy workrooms. Apply

TROY LAUNDRY,  
431 South Sixth East Street.

## HAVE SENT FOR SAMPLES.

Washington, Aug. 2.—The bureau of animal industry of the department of agriculture has ordered from Buenos Ayres, Argentina, samples of deviled ham held up at that port, owing to the presence of borax in the product. Until the samples have been received from Argentina, no action will be taken by this government. It is stated that deviled ham similar to that objected to in Argentina has been received without protest in a dozen other countries.

## SECRET TRIAL PLANNED.

Paris, Aug. 2.—It is reported here that a secret trial of the Wright Brothers' aeroplane is about to take place in France as the result of an arrangement with the French government. The aeroplane, it is understood, has been shipped from the United States and orders have been issued to the customs authorities to pass the case unopened.
